Group Assignment

Report and Presentation

Assignment Submission Instructions

- One of the group members should upload the group report (as a **PDF** file) and the PowerPoint slides on the group assignment submission page in Moodle.
- The files should be named **Group_number.pdf** and **Group_number .pptx**.
- The title page of the report should have:
 - The group assignment topic
 - Name of all group members
 - Student IDs of all group members
 - Some information on work distribution (Who did what? Were there any free riders?)
- **Pay attention to the readability of your report!**

Group and Topic Selection

There should be 4-5 students in each group. The groups should ideally be based on the program names (in Peppi), for example, M-CE, M-CS, EDISS, Exchange, etc.

Note: People in Åbo Akademi O365 with the link can edit the above Excel file.

You should also decide on a topic for your group work and write the topic in the Excel file under **“Topic”**.

Report

The report guidelines are as follows:

1. Each group should ideally do some research on their chosen topic. For example, reading some recent research papers, literature reviews, technical reports, theses, etc. could be a good idea.
2. The recommended length of the report is 8-10 pages (or 4000-5000 words).
3. The report should also contain a list of references (8-10 references).

Presentation

The presentation guidelines are as follows:

1. Each group will have 30 minutes (including 5 minutes for questions and answers).
2. The recommended number of slides is 15-20.
3. If you want, you may also include a demo.
4. You can find the tentative presentation schedule in the Excel sheet on OneDrive. You may make changes in the presentation schedule, if needed.
